**\* Indicates required field.**

**\*\* You can enter the total labor hours for the month under the Hired Labor Hours line. If you would like, you can split out the owner, salaried, and unpaid family hours, and enter those hours on the designated lines. The total hours entered for owner, salaried, and unpaid family hours will carry forward from month to month.**

**See DairyComp command sheet under 'Help' online for assistance in retrieving this information. You can also find instructions on how to program the Monitor report in Dairy Comp under 'Help'. Additional instructions for generating the correct BoviSync reports also under 'Help'.**

MONTH \_\_\_\_\_

**Feed Page - Sections 4-7**

**AS FED LACTATING COWS ONLY**

<b>Raised Forages</b>	Tons Fed	Cost/Ton	% Shrink	%DM

<b>Purchased Forages</b>	Tons Fed	Cost/Ton	% Shrink	%DM

<b>Raised Grains</b>	Tons Fed	Cost/Ton	% Shrink	%DM

<b>Purchased Grains</b>	Tons Fed	Cost/Ton	% Shrink	%DM

**Shrink:** For help in estimating a shrink % see page 9 of the article, 'Preventing Silage Storage Losses'. This article is posted under 'Help'.

**Cost/Ton:** For raised feeds, use your estimated cost on your farm for producing each ingredient. Guidance for pricing homegrown feeds can be found in the 'Help' section. For purchased feeds, use the purchase price paid for each ingredient.

**Resources:** There are instructions online under 'Help' for accessing the information needed in TMR Tracker and FeedWatch.
